Summary

Results-driven professional with 5+ years of experience leading operations and customer-facing teams, currently transitioning into Cloud Computing and DevOps. Pursuing a BCA from Amity University while actively developing skills in AWS, Linux, Python, Git, and cloud technologies through continuous learning and hands-on practice. Strong foundation in troubleshooting, process optimization, automation, and cross-functional collaboration. Eager to leverage professional experience, technical aptitude, and a growth mindset to contribute as an AWS Cloud Intern and build a long-term career in Cloud and DevOps engineering.

Education

Amity University	Bachelor of Computer Applications
Computer Applications	

Experience

Ditto Insurance	Bengaluru
Operations Associate	Jan 25 - Apr 26
- Managed end-to-end health insurance claim operations, ensuring timely resolution and adherence to SLAs. - Investigated and resolved complex customer issues by coordinating with multiple internal and external stakeholders. - Analyzed operational bottlenecks and proposed process improvements to enhance efficiency and customer experience. - Maintained accurate documentation and tracked issue resolution through various support platforms. - Handled high-volume workloads while consistently meeting quality and turnaround-time targets. - Developed strong analytical, troubleshooting, and problem-solving skills in a fast-paced environment.	

Technotask Business Solutions	Mysuru
Team Leader Operations	Jun 23 - Nov 24
- Led a team of customer support professionals, ensuring operational excellence and service delivery targets. - Monitored key performance metrics, analyzed trends, and implemented corrective actions to improve team performance. - Managed critical escalations and coordinated with cross-functional teams to ensure timely issue resolution. - Conducted training, coaching, and knowledge-sharing sessions to improve team capability and productivity. - Created performance reports and dashboards to support data-driven decision-making.
